Endring av litteraturlista til JUS 275-2A.

Det er behov for å oppdatera litteraturlista til valemnet. Hovudboka vil framleis vera den same. Men så har vi hatt ei samling artiklar i tillegg, og her føreslår eg ein del endringar. Endringane gjeld dei to siste av dei fire emna som framgår av Course descriptions:

- Prosecution and international cooperation in terrorist cases
- The role of human rights in counter-terrorism

Samla sett blir omfanget av litteraturen noko mindre enn før. Men det ligg greitt innanfor det spelerommet som vi har på valemna. Eg meiner den føreslåtte litteraturen til saman dekkjer alle delar av Course descriptions godt.

Vedlagt følgjer den føreslåtta nye litteraturlista, samt den gjeldande (2010). Eg gir legg samtidig ein kopi av den føreslåtte litteraturen i posthylla til prodekanen.
.

Med venleg helsing
