## A pilot Bergen MSCA-IF Master Class

The Division of Research Management (FA), in cooperation with the Faculties, is launching a pilot Bergen MSCA-IF Master Class program for potential applicants to the MSCA-Individual Fellowship 2018 call. This program aims to attract and train young and talented postdocs from outside Norway to successfully applying for MSCA-IF with the UiB as host. FA calls for "Expression of Interest" from researchers at UiB who would like to act as **supervisors** for Marie-Skłodowska-Curie fellows in the period 2019-2020/21.

The Master Class will be organized at UiB from 02 – 04 May 2018 and it will offer an opportunity to invite talented young researchers, either through supervisors own network or through an open call in various international networks (like EURAXESS). All costs related to the MC program, including travel and accommodation for candidates, will be covered by the MC-program (PES scheme). The only prerequisite for full reimbursement of candidates is the submission of the MSCA IF application. There is a limit of 30 candidate fellows to the Master Class program.

To express your interest to become a supervisor, please fill the attached form (<u>Expression of Interest</u>) and submit the completed not later than the **4th December 2017**. Potential supervisors have to provide:

- 1. Title / Full Name / Institute / Faculty / and other affiliations (center etc) / position
- 2. Research area (e.g. Energy/Physical Sciences or Energy/Social Sciences)
- 3. Short description of research specialization/project (max. 1500 characters incl. space). This description will be included in the international advert.
- 4. Short track record incl. funding, and summary of supervision experience (1 page).

Please read more <u>here in english</u> and <u>here in norwegian</u>.

For any questions please contact <a href="mainted-Babatunde@uib.no"><u>Emmanuel.Babatunde@uib.no</u></a> or Faculty advisers: Itana, Amra, Ramune.
