How to get to the Student Centre

From the airport to the bus station

Via Bybanen (the Bergen Light Rail):

The Bergen lufthavn Bybane stop is easily accessible down the escalator outside the airport terminal. Buy a ticket at the Skyss ticket machine near the exit before leaving the airport. A one-zone ticket is sufficient. From the Bergen lufthavn stop, ride Bybanen all the way to the central bus station to the stop called Bystasjonen. Information about ticket and pricing and how to buy tickets is available at: <https://www.skyss.no/en/tickets-and-prices/buying-tickets/>

Via Flybussen:

Take Flybussen (the airport bus) to the central bus station in the city centre. The central bus station is a part of a mall called Bergen Storsenter. It looks more like a bus terminal outside the mall than a typical bus station. The stop name for the central bus station is listed on Flybussen as Bergen Storsenter. You can tell the bus driver you are going to the bust station or Bergen Storsenter. (S)he can then let you know when to get off the bus.

From the train or bus station to the Student Centre

If you have a lot of luggage, we suggest you store it in a locker inside the bus station/Bergen Storsenter until you come back from the walk to the Student Centre up at the main campus area (approx. 10 minute walk).
