**Project description (add an additional page if necessary)**

**Tasks performed (add an additional page if necessary)**

The Company is responsible for planning and executing the internship period with work and activities. The work/tasks must be of a nature and with content that is relevant to a student (not just administrative routine tasks or other purely routine work).

The Company and the Student shall immediately inform the MED, if the internship program or an agreed internship cannot be performed as agreed.

The Parties agree that MED or the Student shall not have any rights whatsoever to any inventions or other outcomes resulting from the student's performance of the internship with the Company.

The Company and the Student agrees that the Student will work for at least 6 weeks during the summer 2021 in a full-time (100%) position.
