

DCP4-ID	L1	L2	L3	L4	L5
SURG	Surgery				
SURG01		Outpatient surgical care			
SURG01-01			Drainage of superficial abscess		
SURG01-02			Suturing laceration		
SURG02		Dental care			
SURG02-01			Treatment of caries		
SURG02-02			Dental extraction		
SURG02-03			Drainage of dental abscess		
SURG03		Basic inpatient surgical care			
SURG03-01			Appendectomy		
SURG03-02			Management of bowel obstruction		
SURG03-03			Urinary catheterization /suprapubic cystostomy		
SURG04		Advanced inpatient surgical care			
SURG04-01			Hernia repair		
SURG04-02			Removal of gallbladder		
SURG04-03			Repair of ulcer perforations in GI system		
SURG04-03-01				Repair of peptic ulcer perforation	
SURG04-03-02				Repair of ileal perforation due to typhoid	
SURG04-04			Surgery for filarial hydrocele		
SURG04-05			Basic skin grafting		
SURG04-06			Escharotomy or fasciotomy		
SURG04-07			Colostomy		
SURG04-07-01				Colostomy due to paralytic ileus and intestinal obstruction	
SURG04-07-02				Colostomy due to colorectal cancer	
SURG05		Specialized surgical care			
SURG05-01			Anorectal malformations		
SURG05-02			Management of osteomyelitis		
SURG05-03			Elective surgical management of orthopedic injuries		
SURG05-04			Surgical repair of club foot		
SURG05-05			Obstetric fistula, surgery		
SURG05-05-01				Minor fistula surgery	
SURG05-05-02				Vesico-vaginal fistula surgery	
SURG05-05-03				Major fistula surgery	
SURG05-06			Surgery of female genital mutilation complications		
SURG05-07			Surgical repair of cleft lip and cleft palate		
SURG05-08			Insertion of shunt for hydrocephalus		
EMRGC	Emergency care				
EMRGC01		First aid			
EMRGC01-01			Basic life support and first aid for burns, bleeding and wounds and choking		
EMRGC02		Emergency care, basic			
EMRGC02-01			Management of non-displaced fractures		
EMRGC02-02			Resuscitation with basic life support measures		
EMRGC02-03			Triage and stablization, with referral		
EMRGC03		Emergency care, advanced			
EMRGC03-01			Resuscitation with advanced life support measures		
EMRGC03-02			Trauma laparotomy		
EMRGC03-03			Tube thoracostomy		
EMRGC03-04			Intoxication management		

EMRGC03-04-01	Using common cure agents for intoxication/poisoning
EMRGC03-04-02	Early identification of lead poisoning symptoms of children
EMRGC03-05	Acute intracranial pressure relief
EMRGC04	Acute orthopedic management
EMRGC04-01	Urgent orthopedic management of injuries
EMRGC04-02	Fracture reduction,external fixator/traction
EMRGC04-03	Irrigation and debridement of open fractures
EMRGC04-04	Management of septic arthritis
EMRGC04-05	Trauma-related amputations
RH	Reproductive Health
RH01	Provision of condoms and hormonal contraceptives
RH01-01	Combined oral contraceptive pill
RH01-02	Pill - Progestin only
RH01-03	Pill - Peri-coital contraception (PCC)
RH01-04	Condom
RH01-05	Emergency contraceptives
RH02	Insertion and removal of modern long-lasting contraceptives, of client choice
RH02-01	Injectable - 3 month (Depo Provera)
RH02-02	Injectable - 2 month (Noristerat)
RH02-03	Injectable - 1 month (Lunelle)
RH02-04	Injectable - 6 month
RH02-05	Injectable - Uniject
RH02-06	IUD - Copper-T 380-A IUD (10 years)
RH02-07	IUD - LNG-IUS (5 years)
RH02-08	Implant - Implanon NXT (3 years)
RH02-09	Implant - Jadelle (5 years)
RH02-10	Implant - Sino-Implant (4 years)
RH03	Permanent contraception
RH03-01	Vasectomy
RH03-02	Tubal ligation
RH04	Family planning (antenatal and postpartum)
RH05	Safe abortion
RH05-01	Removal of retained products following miscarriage, incomplete abortion or
RH05-02	Management of post abortion complications (sepsis, lacerations)
RH05-03	Induced abortion
RH05-03-01	Medical abortion
RH05-03-02	Surgical abortion
RH06	Identification and management of infertility
MNH	Maternal and newborn health
MNH01	Antenatal care
MNH01-01	preeclampsia screening
MNH01-01-01	Blood pressure measurement
MNH01-01-02	Testing for proteinuria
MNH01-02-01	Screening of diabetes during pregnancy
MNH01-01	HIV/syphilis screening pregnant women
MNH01-01-01	HIV screening in pregnant women
MNH01-01-02	Syphilis screening in pregnant women
MNH01-05	Opportunistic detection & treatment of bacteriuria
MNH01-06	Tetanus/Diphtheria (TD) immunization, pregnancy

MNH01-04	Detection and treatment of growth restricted fetuses and fetal anomalies
MNH02	ANC for complicated cases
MNH02-01	Pregnancy diabetes management
MNH02-01-01	Treatment of diabetes during pregnancy
MNH02-01-02	Pregnancy diabetes management benefits to fetus
MNH02-02	Hypertension disorder in pregnancy, case management of mild to moderate
MNH03	Ectopic pregnancy case management
MNH03-01	Expectant management
MNH03-02	Methotrexate treatment
MNH03-03	Surgery for ectopic pregnancy
MNH04	Management of late pregnancy complications
MNH04-01	Management of hypertension disorders, pregnancy
MNH04-02	Antenatal corticosteroid for preterm labor
MNH04-03	Antibiotics for preterm or prolonged PROM
MNH04-04	Induction of labor (beyond 41 weeks)
MNH05	Safe Delivery
	Skilled birth attendance, (low risk women)
	Basic management of labor (BEMoC)
	Administering antibiotics
	Administering uterotonic drugs (oxytocin)
	Administering anticonvulsants (magnesium sulphate)
	Manual removal of the placenta
	Assisted vaginal delivery (vacuum, forceps)
	Comprehensive management of labor and labor complications-(CEMNoC)
	Administering antibiotics
	Administering uterotonic drugs (oxytocin)
	Administering anticonvulsants (magnesium sulphate)
	Manual removal of the placenta
	Assisted vaginal delivery (vacuum, forceps)
	Caesarean sections
	Safe blood transfusion
MNH06	Postpartum care
MNH06-01	Treatment of lactational mastitis
MNH06-02	Surgery (hysterectomy for uterine rupture or intractable postpartum hemor
MNH07	Neonatal basic care
MNH07-01	Basic neonatal resuscitation care (with bag and mask)
MNH07-02	Thermal protection for all babies, especially preterms
MNH07-03	Early detection and treatment of neonatal sepsis and pneumonia
MNH07-04	Treatment of local infections (eye, skin)
MNH07-05	Hygienic cord care (chlorhexidine and tetracycline ointment)
MNH07-06	Kangaroo mother care
MNH08	Neonatal intensive care
MNH08-01	Early detection and treatment of neonatal sepsis and pneumonia
MNH08-01-01	Sepsis IV antibiotics
MNH08-01-02	Pneumonia IV antibiotics
MNH08-01-03	Meningitis IV antibiotics
MNH08-01-04	Management of newborn complications, including serious infections, r
MNH08-01-05	Management of jaundice (phototherapy)
MNH09	Universal newborn screening and management of congenital endocrine or metabo

MNH09-01	Congenital hypothyroidism, screening
MNH09-02	Congenital hypothyroidism, management
MNH10	Sickle cell screening and management
MNH10-01	Newborn screening
MNH10-02	Prophylaxis against bacterial infections and malaria
MNH11	Congenital and genetic disorders
MNH11-01	Identification of specific single-gene disorders and counselling
CAH	Child and adolescent health
CAH01	Integrated Community Case Management (iCCM) of childhood infections, including
CAH01-01	Pneumonia, oral antibiotics
CAH01-02	Diarrhea, oral rehydration therapy (ORT) and zinc
CAH01-03	Dysentery, antibiotics
CAH01-04	Malaria, rapid diagnostic tests and antimalarials (principally artemisinin-ba
CAH02	Integrated Management of Childhood Illness (IMCI)
CAH02-01	Pneumonia, oral antibiotics*
CAH02-02	Pneumonia (severe), IV antibiotics
CAH02-03	Diarrhea, oral rehydration therapy (ORT) and zinc*
CAH02-04	Diarrhea (severe), ORT+Zinc, IV fluids if needed, antibiotics for dysentery
CAH02-05	Sepsis, IV antibiotics
CAH02-06	Malaria treatment with ACT preceded by RDT if feasible*
CAH02-07	Comprehensive management of severe malaria*
CAH02-08	Measles treatment
CAH02-08-01	Measles, vitamin A
CAH02-08-02	Measles, treat co-infections
CAH03	Routine childhood immunisation (diphtheria, pertussis, tetanus, polio, BCG, measles
CAH03-01	Pentavalent vaccine (DPT-HepB-Hib)
CAH03-01-01	Diphtheria immunisation
CAH03-01-02	Pertussis immunisation
CAH03-01-03	Tetanus immunisation
CAH03-01-04	Hepatitis B immunisation
CAH03-01-05	HiB immunisation
CAH03-02	BCG vaccine
CAH03-03	MMR vaccine
CAH03-03-01	Measles immunisation
CAH03-03-02	Mumps immunisation
CAH03-03-03	Rubella immunisation
CAH03-04	Polio vaccine (Oral/IPV)
CAH03-05	Pneumococcal vaccine
CAH03-06	Rotavirus vaccine
CAH04	Early childhood development
CAH04-01	Early childhood development rehabilitation
CAH05	School health services
CAH05-01	Tetanus/Diphtheria (TD) immunisation, schoolchildren
CAH05-02	Education of schoolchildren on oral health
CAH05-03	Life skills training in schools to build social and emotional competencies
CAH05-04	School-based education on sexual health, nutrition, and healthy lifestyle
CAH05-05	School-based oral preventive health interventions
CAH05-06	Treatment for Schistosomiasis (PC for school children)
CAH06	Adolescent health

CAH06-01	Mass media messages concerning sexual and reproductive health and ment
CAH06-02	Adolescent-friendly health services
HIVSTI	HIV and Sexually Transmitted Infections (STIs)
HIVSTI01	HIV population screening and early treatment
HIVSTI01-01	Community-based HIV education and testing services, including referral to c
HIVSTI01-02	HIV education and counselling for MARPS
HIVSTI01-03	Household HIV testing and linkage to ART
HIVSTI01-04	Provider HIV, STI, Hepatitis testing and linkage to care
HIVSTI01-05	HIV treatment
HIVSTI01-05-01	ART first-line
HIVSTI01-05-01-01	ART for HIV, no TB
HIVSTI02	Management of HIV complications
HIVSTI02-01	Management of opportunistic infections associated with HIV/AIDS
HIVSTI02-02	HIV treatment (ART second-line)
HIVSTI02-03	Cotrimoxazole prophylaxis, HIV (children and mothers)
HIVSTI03	HIV prevention
HIVSTI03-01	Mass media encouraging use of condoms, voluntary medical male circumcis
HIVSTI03-02	Voluntary medical male circumcision service in settings with high prevalenc
HIVSTI03-03	Provision of condoms to MARPS
HIVSTI03-04	PrEP for discordant couples and others at high risk of HIV (in high prevalenc
HIVSTI03-05	Prevention of mother to child HIV transmission (PMTCT, option B+) and sypl
HIVSTI04	IDU-HIV programs
HIVSTI04-01	IDU-HIV: outreach
HIVSTI04-02	IDU-HIV: needle exchange
HIVSTI04-03	IDU-HIV: opioid substitution therapy*
HIVSTI05	Syndromic management of common sexual and reproductive tract infections
HIVSTI05-01	Treatment of urinary tract infection (UTI)
HIVSTI05-02	Treatment of syphilis
HIVSTI05-03	Treatment of gonorrhea
HIVSTI05-04	Treatment of chlamydia
HIVSTI05-05	Treatment of trichomoniasis
HIVSTI05-06	Treatment of PID (Pelvic Inflammatory Disease)
HIVSTI05-07	Partner notification STIs (including HIV)
MALR	Malaria
MALR01	Malaria prevention
MALR01-01	Indoor residual spraying (IRS) in high endemic settings
MALR01-02	Insecticide-treated bednets for pregnant women and children at facilities
MALR01-03	Social marketing insecticide treated bednets
MALR01-04	Malaria chemoprophylaxis in high endemic season (p. falciparum dominant)
MALR01-05	Mass malaria chemoprophylaxis (p. falciparum)
MALR01-06	Intermittent malaria prevention in infancy
MALR01-07	Intermittent malaria prevention during pregnancy
MALR01-08	Larviciding and watermanagement against malaria
MALR02	Malaria treatment with ACT preceded by rapid diagnostic test (RDT)/microscope
MALR03	Malaria treatment in high endemic settings
MALR03-01	Treat fever with ACT (no testing), to target malaria in high malaria settings
MALR03-02	Add primaquine to malaria treatment
MALR03-03	P. Vivax test and chloroquine
MALR04	Comprehensive management of severe malaria

MALR04-01	Comprehensive management of severe malaria, children
MALR04-02	Comprehensive management of severe malaria, adults
MALR05	Malaria elimination, low endemic setting
MALR05-01	Malaria contact tracing
TB	Tuberculosis (TB)
TB01	Active TB case finding in HIV+ individuals and other high risk groups, linkage to care
TB02	TB contact tracing, linkage to care
TB03	TB preventive therapy (Isoniazide) for high risk people (e.g. PLHIV)
TB04	Drug-susceptible TB management
TB04-01	Pulmonary TB
TB04-01-01	Pulmonary TB, no HIV
TB04-01-01-01	Core diagnostics
TB04-01-01-02	First-line treatment
TB04-01-02	Pulmonary TB, with HIV
TB04-01-02-01	Core diagnostics
TB04-01-02-02	First-line treatment
TB04-02	Extrapulmonary TB
TB04-02-01	Extrapulmonary TB, no HIV
TB04-02-01-01	Core diagnostics
TB04-02-01-02	First-line treatment
TB04-02-02	Extrapulmonary TB, with HIV
TB04-02-02-01	Core diagnostics
TB04-02-02-02	First-line treatment
TB05	Drug-resistant TB management
TB05-01	Multidrug-resistant TB
TB05-01-01	MDR TB, no HIV
TB05-01-01-01	Core diagnostics
TB05-01-01-02	Treatment
TB05-01-02	MDR TB, with HIV
TB05-01-02-01	Core diagnostics
TB05-01-02-02	Treatment
TB05-02	Extensively drug-resistant TB
TB05-02-01	XDR TB, no HIV
TB05-02-01-01	Core diagnostics
TB05-02-01-02	Treatment
TB05-02-02	XDR TB, with HIV
TB05-02-02-01	Core diagnostics
TB05-02-02-02	Treatment
TB05-02-03	Surgery for management of MDR/ XDR-TB treatment failure
NTD	Neglected tropical diseases (NTDs)
NTD01	Sustained vector management for nationally important causes of nonmalarial fever
NTD01-01	Vector management for chagas disease
NTD01-02	Vector management for dengue
NTD01-03	Vector management for leishmaniasis
NTD02	Mass drug administration for NTDs
NTD02-01	Preventive chemotherapy for Schistosomiasis
NTD02-02	Preventive chemotherapy for soil-transmitted helminthiasis
NTD02-03	Preventive chemotherapy for Onchocerciasis
NTD02-04	Preventive chemotherapy for Lymphatic filariasis

NTD02-05	Preventive chemotherapy for Trachoma
NTD02-06	Preventive chemotherapy for food-borne trematodiasis
NTD03	Early detection and treatment of nationally important NTDs
NTD03-01	Chagas disease
NTD03-02	Human African trypanosomiasis
NTD03-03	Leprosy
NTD03-04	Leishmaniasis
NTD03-04-01	Cutaneous leishmaniasis
NTD03-04-02	Visceral leishmaniasis
NTD03-05	Echinococcosis
NTD03-06	Rabies
NTD03-06-01	Rabies post exposure prophylaxis
NTD03-07	Lymphatic filariasis: hydrocele surgery*
NTD03-08	Trichiasis*
NTD03-09	Buruli ulcer
NTD03-10	Yaws
NTD03-11	Lymphedema management
NTD04	Focused use of vaccines for endemic infections
NTD04-01	Dengue
NTD04-02	Encephalitis
NTD04-03	Meningitis
NTD04-04	Other unspecified infectious diseases
NTD04-05	Typhoid and paratyphoid
INFCTN	Infections in general
INFCTN01	Hepatitis B (HBV) management
INFCTN01-01	Hep B vaccination, high risk groups
INFCTN01-02	HBV testing and referral to care
INFCTN01-03	HBV treatment
INFCTN02	Hepatitis C (HCV) management
INFCTN02-01	HCV testing and referral to care
INFCTN02-02	HCV treatment
INFCTN03	Fever evaluation, basic
INFCTN03-01	Pneumonia, oral antibiotics
INFCTN03-02	Diarrhea, oral rehydration therapy (ORT) and zinc
INFCTN03-03	Malaria, rapid diagnostic tests and antimalarials (principally artemisinin-based)
INFCTN04	Fever evaluation, comprehensive
INFCTN04-01	Pneumonia (severe), IV antibiotics
INFCTN04-02	Diarrhea (severe), ORT, IV fluids if needed, antibiotics for dysentery
INFCTN04-03	Malaria treatment with ACT preceded by RDT if feasible*
INFCTN04-04	Refractory febrile illness management including etiologic diagnosis
CANC	Cancer
CANC01	Cancer detection
CANC01-01	Early detection of common cancers, targeted screening cancer alarm symptoms
CANC01-02	Organized screening for cervical cancer: VIA +/- HPV 5-yearly for females aged 30-45
CANC01-03	Organized screening for breast cancer: mammography 2-yearly for females aged 50-69
CANC01-04	Organized screening for colorectal cancer: fecal occult blood testing yearly for 50-74
CANC02	Cervical cancer
CANC02-01	Human Papilloma virus (HPV) immunization
CANC02-02	Treatment of cervical precancerous lesions

CANC02-02-01	Confirmatory diagnostics of cervical precancerous lesions
CANC02-02-02	Cryotherapy or LEEP
CANC02-03	Treatment of cervical cancer
CANC02-03-01	Confirmatory diagnostics of cervical cancer and staging
CANC02-03-02	Treatment of early stage cervical cancer: Stage I & Stage II
CANC02-03-03	Palliative care for late stage cervical cancer Stage III & Stage IV
CANC03	Breast cancer
CANC03-01	Treatment of breast cancer
CANC03-01-01	Confirmatory breast cancer diagnostics and staging
CANC03-01-02	Treatment of early stage cervical cancer: Stage I & Stage II
CANC03-01-03	Palliative care for late stage cervical cancer Stage III & Stage IV
CANC04	Colorectal cancer
CANC04-01	Treatment of colorectal cancer
CANC04-01-01	Confirmatory breast cancer diagnostics and staging
CANC04-01-02	Treatment of early stage cervical cancer: Stage I & Stage II
CANC04-01-03	Palliative care for late stage cervical cancer Stage III & Stage IV
CANC05	Early-stage childhood cancers, curative intent
CANC05-01	Treatment of Burkitt and Hodgkin lymphoma
CANC05-01-01	Treatment of non-Hodgkin lymphoma
CANC05-01-02	Treatment of Hodgkin lymphoma
CANC05-02	Treatment of acute lymphoblastic leukemia
CANC05-03	Treatment of Wilms tumor
CANC05-04	Treatment of Retinoblastoma
CVD	Cardiovascular and related disorders (metabolic disorders, kidney failure, etc.)
CVD01	CVD case finding
CVD01-01	CVD risk screening in community
CVD01-02	CVD targeted screening at facility
CVD02	CVD, primary prevention with absolute risk approach (antihypertensives, statins)
CVD02-01	Treatment for those with high absolute risk of CVD/diabetes (>30%)
CVD03	CVD, secondary prevention (aspirin, beta blockers, ACE inhibitors, ARB, statins)
CVD03-01	Secondary prevention of ischemic heart disease
CVD03-02	Secondary prevention of stroke
	Ischemic stroke
	Hemorrhagic stroke/intracerebral hemorrhage
CVD03-03	Secondary prevention of peripheral vascular disease
CVD04	Management of acute IHD
CVD04-01	Aspirin for all cases of high-risk chest pain
CVD04-02	Management of acute coronary syndromes (aspirin, unfractionated heparin
CVD04-03	Percutaneous coronary intervention for acute myocardial infarction
CVD05	Management of heart failure
CVD05-01	Management of acute heart failure (diuretics, oxygen, afterload reduction, r
CVD05-02	Management of chronic heart failure (preserved/recovered EF) with diuretic
CVD06	Rheumatic heart disease
CVD06-01	Treatment of acute pharyngitis in children to prevent rheumatic fever and I
CVD06-02	Secondary prophylaxis with penicillin for rheumatic fever or established rhe
CVD06-03	Rheumatic heart disease, cardiac surgery
CVD7	Limb ischemia
CVD7-01	Heparin-revascularization treatment of acute limb ischemia
CVD7-02	Amputation due to acute limb ischemia (last resort)

CVD08	Active case finding and management of diabetes (glycemic control, antihypertensi
CVD08-01	Diabetes opportunistic screening
CVD08-02	Diabetes type 1, insulin
CVD08-03	Diabetes type 2, antidiabetic drugs and insulin
CVD08-04	Retinopathy screening and photocoagulation*
CVD08-05	Neuropathy screening and preventive foot care
CVD09	Management of chronic kidney disease
CVD09-01	Albuminuric kidney disease, screening of patients with diabetes and managi
MSKD	Musculoskeletal disorders
MSKD01	Rheumatoid arthritis
MSKD01-01	Combination therapy for moderate for severe rheumatoid arthritis, low-dos
MSKD02	Osteoporosis
MSKD02-01	Primary prevention of osteoporosis in high-risk individuals (physical activity,
MSKD02-02	Secondary prevention of osteoporosis (calcium and vitamin D supplementat
	Musculoskeletal injuries
	Basic management of musculoskeletal/neurological injuries (exercise progra
	Training, retraining, and exercise programs that address musculoskeletal inj
RESPD	Respiratory disorders
RESPD01	Chronic respiratory disease, vaccination
RESPD02	Management of stable asthma (Inhalators steroids theophylline)
RESPD03	Management of stable COPD (Inhalators anticholinergic agent Smoking cessation
RESPD04	Asthma emergency care (steroids/inhalators/antibiotics/oxygen)
RESPD05	Emergency care of severe Asthma (ventilator/BiPAP)
RESPD06	COPD emergency care (steroids/inhalators/antibiotics/oxygen)
RESPD07	Emergency care of severe COPD (ventilator/BiPAP)
MENTD	Mental & substance use disorders
MENTD01	Management of anxiety disorders
MENTD01-01	Basic psychosocial treatment for anxiety disorders (mild cases)
MENTD01-02	Basic psychosocial treatment and anti-depressant medication for anxiety dis
MENTD01-03	Intensive psychosocial treatment and anti-depressant medication for anxiet
MENTD02	Management of depression
MENTD02-01	Basic psychosocial treatment for mild depression
MENTD02-02	Basic psychosocial treatment and anti-depressant medication of first episod
MENTD02-03	Intensive psychosocial treatment and anti-depressant medication of first ep
MENTD02-04	Intensive psychosocial treatment and anti-depressant medication of recurrence
MENTD02-05	Intensive psychosocial treatment and anti-depressant medication of recurrence
MENTD02-06	Psychosocial care for severe peri-natal depression
MENTD03	Management of psychotic disorders (schizophrenia)
MENTD03-01	Basic psychosocial support and anti-psychotic medication
MENTD04	Management of bipolar disorder
MENTD04-01	Basic psychosocial treatment, advice, and follow-up for bipolar disorder, plu
MENTD05	Management of attention disorders
MENTD05-01	Psychosocial support and centrally acting stimulant (CAS) medication
MENTD06	Management of suicide and self harm
MENTD06-01	Risk stratification, linkage to care and intoxication management
MENTD07	Management of post traumatic stress disorder (PTSD)
MENTD07-01	Basic psychosocial treatment, advice, and follow-up for PTSD
MENTD08	Management of addiction disorders
MENTD08-01	Alcohol use disorders, opportunistic screening and brief intervention

MENTD08-02	Drug use disorders, opportunistic screening and brief intervention
MENTD08-03	Opioid Agonist Treatment (OAT) and psychosocial support*
MENTD08-04	Tobacco cessation counseling (including nicotine agonist treatment)
NEUR	Neurological disorders
NEUR01	Epilepsy treatment
NEUR01-01	Diagnostics of epilepsy
NEUR01-02	Stabilization of acute seizures
NEUR01-03	Long-term management of epilepsy
NEUR02	Self-managed treatment of Migraine
NEUR02-01	Nonpharmacologic,diagnostics
NEUR02-02	First-line drugs
NEUR02-03	Prophylaxis
NEUR03	Dementia care
NEUR03-01	Diagnostics and follow-up primary care
NEUR03-02	Drugs for dementia (Cholinesterase inhibitors, SSRIs, antipsychotics)
NEUR03-03	Supporting dementia caregivers
NEUR04	Stroke treatment
NEUR04-01	Thrombolytic treatment of stroke (3 hour time window)
NEUR04-02	Thrombectomy of stroke (3 hour time window)
NEUR05	Management of Parkinson's disease
NEUR05-01	Diagnostics for Parkinson's disease
NEUR05-02	Drugs for Parkinson's disease
NEUR05-03	Basic physical therapy for Parkinson's disease
NEUR05-04	Extensive physical therapy for Parkinson's disease
REHAB	Rehabilitation
REHAB01	Individualized environmental modifications
REHAB02	Self-care for individuals with disabilities
REHAB03	Seating interventions for wheelchair users
REHAB04	Provision and training in the use of basic assistive products
REHAB05	Training for speech, swallowing, communication, cognition
REHAB06	Upper extremity exercises
REHAB07	Review of prosthetics, orthotics, and splints
REHAB08	Use of assistive products (post injury and stroke)
REHAB09	Management of swallowing dysfunction
REHAB10	Use of prosthetics, orthotics, and splints
REHAB11	Stroke rehabilitation
REHAB12	Compression therapy for amputations, burns, and vascular or lymphatic disorders
REHAB13	Mobilization activities as treatment following acute injury
REHAB14	Exercise based cardiac rehabilitation
REHAB15	Exercise-based pulmonary rehabilitation
	Nutrition
NUTR	Nutrition in reproductive age
NUTR01	Daily iron and folic acid supplementation (pregnant women)
NUTR01-01	Calcium supplementation (high dose ≥ 1 g/day), pregnancy
NUTR01-02	Food and caloric supplementation to pregnant women
NUTR01-03	Feeding support newborns
NUTR01-04	Promotion of exclusive breastfeeding from birth
NUTR01-04-01	Promotion of complementary feeding >6months
NUTR01-04-02	Intermittent iron-folic acid supplementation (menstruating women where \geq

NUTR01-05	Food to non-pregnant women, if below poverty line
NUTR01-06	Child nutrition
NUTR02	Daily iron supplementation for children 6 to 23 months (where anaemia is >
