DEPARTMENT OF INFORMATICS, UIB

No.X(mas)/2023, 20.12.2023

Dear colleagues,

I would like to thank you all for all the work you have done, and all the interactions we have had, during the last year!

It is a pleasure and a privilege to work with you all and I look forward to next year!

As I mentioned at the Christmas dinner last week, next year will be an exciting one. We will finalize our reports to the EVALMIT assessment, we will start the AI LEAD project and there will be calls for projects linked with the “AI billion”. We will recruit new associate or full professors to the department. And we will celebrate the department turning 40 years!

But first we will have a holiday period. I hope you will all take the time to have a few days off and think about other things than algorithms, study programs and proofs!

I wish you a Merry Christmas and a Happy New Year!

Inge
