

Norwegian Consortium for Sequencing and Personalized Medicine (NorSeq) – Introduction Workshop

Date: 24.04.2017 in Trondheim
26.04.2017 in Bergen
28.04.2017 in Oslo

Program:

- 12.30 **Welcome and presentation of the consortium**
Local representative
- 12.40 **Introduction to sequencing**
Leonardo A. Meza-Zepeda, PhD (Genomics CF Oslo)
- 13.00 **Whole genome sequencing in medical genetics**
Rita Holdhus (Genomics CF Bergen)
- 13.20 **Whole genome / exome sequencing in cancer**
Susanne Lorenz, PhD (Genomics CF Oslo)
- 13.40 Coffee break
- 14.00 **Applications using PacBio technology**
Lex Nederbragt, PhD (CEES, UiO + NSC)
- 14.20 **Study gene expression using RNA sequencing**
Vidar Beisvåg, PhD (Genomics CF Trondheim)
- 14.40 **Project design**
Arvind Sundaram, PhD (NSC)
- 15.00 **Local user presentation (to be announced)**
- 15.15 **Summary and informal discussion**
