

# Recording and streaming

In this room lectures can be recorded and/or streamed. This is to ensure that all students have the same quality of teaching and to facilitate access for students that must follow lectures from home.

- Do not move in front of the camera during the recording. You will be recorded.
- Most of the dialogue in this room is captured by the room-microphone and will be part of the recording.
- Recording and streaming continues in the break.

Are your teaching activities recorded or streamed? Ask your teacher or check the course page in Mitt UiB.

More information about recording of lecture rooms and privacy considerations, scan the code or go to the link below.
