Bergen University Library Search Oria ADVANCED SEARCH

Search options i Oria

Use Oria to search the library's print and electronic collections: Books, articles, journals, music, movies, photographs and more.

You can adjust the scope of your search in the menu to the left of the search field.

Bergen University Library includes physical and electronic resources that are available at UiB.

Norwegian Academic Libraries additionally include physical and electronic resources available at other universities and university colleges in Norway.

Search all sources additionally includes all electronic resources that are searchable in Oria, also those UIB does not have full text access to.

Oria a service provided by UNIT, powered by ExLibris Primo.

Note: Internet Explorer does not work as well with Oria as other browsers.

Oria simple search box

Type one or more keywords in the search box. It is possible to combine the words in different ways.

Search tips:

- To search for a specific expression, use **quotation marks**, i.e. «bergen assembly».
Without this, quotation marks, the system will find items that contain the individual words in the phrase, regardless of whether these words are located next to each other in the order specified.
- Put an asterix in the end of a word * to include alternative forms of words, plurals, etc. (truncation). For example: curat* will return curate, curatelle, curating, curation, curatorial, curators, curatorship. This can be applied for maximum four words in the same string.
- Using the symbol ? in the end or in the middle of a word will make the system fill in one character. For example colo?r will return color, colour, coloir.
- You can use parentheses to group terms within a query.
For example ("street furniture" OR gatemøbler) AND (children OR barn)
- You can use boolean operators **OR AND NOT**. The operators must be written in uppercase letters.
 - Use **OR** in a search to broaden your results. It connects two or more similar concepts (synonyms). This will tell the search engine that any or of your search terms (or both) can be present in the resulting records.
For example: curator OR kurator
 - Use **AND** in a search to narrow your results. This will tell the search engine that all search terms must be present in the resulting records. For example: curators AND museums.
 - Use **NOT** in a search to narrow your results. This will tell the search engine to ignore concepts that may be implied by your search terms. This operator should be used with care. For example: curat* NOT museum*.

Note: Oria assumes that you are searching for all the words you type unless OR or NOT are specified between the words and phrases.

The result list and availability

The screenshot shows a search results page for the query "street furniture" OR "gatemøbler" on the University of Bergen Library's Oria system. The search results are displayed on page 1, showing 17,449 results. Three results are visible:

- Result 1:** A book titled "Street furniture" by Kenneth Hudson, published in 1979. The status is "Checked out from Universitetsbiblioteket i Bergen". A callout box explains: "Checked out from Universitetsbiblioteket i Bergen. The book is on loan. Follow the link, sign in and send a request."
- Result 2:** A book titled "Street furniture design: contesting modernism in post-war architecture" by Eleanor Herring (forfatter), published in 2016. The status is "Available at Universitetsbiblioteket i Bergen". A callout box explains: "Available at Universitetsbiblioteket i Bergen. The book is in one of the libraries at the UiB. Follow the link, check the book-signature and see if you can go and get it yourself (see below)."
- Result 3:** An article titled "Street furniture" by Anonymous, published in Horticulture Week, Jun 21, 2013. The status is "Available online". A callout box explains: "Available online. The document is available at the UiB network. Follow the links."

The result list in Oria contains references to articles, books, pictures, dvd-s, book-chapters and so on.

If the document is "Available online" in the University of Bergen Library, you have access to an online version if you are connected to the UiB-network.

Note: Are you working from home? Log in to the UiB network at pva.uib.no to get access to our online documents or use a VPN connection.

Physical documents may be "**Available at the University of Bergen Library**" or "**Checked out...**" When a book you need is checked out you should always sign in to Oria and send a request. You will get a message on e-mail when the book is available.

When a book is available, please check the location. If the book belongs to the Fine Art and Design Library, you should go to the library and borrow it. If it belongs to another of the UB libraries, you may: **a) go and get it yourself** or **b) send a request**.

REQUEST

Example:

BOOK
Not buying it : my year without shopping
Judith Levine
2007

Available at Universitetsbiblioteket i Bergen (The Arts and Humanities Library UBBHF 658.834 Lev)

This book is available at the **Arts and Humanities Library (UBBHF)**. The signature is **658.834 Lev**. The book will have this signature on the back. You may go to the Arts and Humanities Library and get the book there, or you may sign in to Oria and send a request to have the book sent to The Fine Art and Design Library. You will get a message on e-mail or sms when the book arrives. It normally takes 2 days before you get a message.

What if you have logged in but still don't see the Request-button?

This is usually the case when you are supposed to go to the library and get the book yourself.

Don't hesitate to ask the librarians if you cannot find the book you are looking for.

Too many hits in your result list? Refine your query

The screenshot shows a search results page for the query "street furniture" OR gatemoebler) AND (children OR barn) on the University of Bergen Library. The page displays several search results, including newspaper articles and reports. On the right side, a filter sidebar is open, showing options to sort by Relevance and to show only specific resource types. The sidebar lists various resource types with their respective counts, such as Newspaper Articles (310,182), Articles (112,504), Reports (18,265), and Books (5,131). Other filters include Creator/contributor, Creation Date, Language, and Department.

Your result list may be comprehensive.
You may “tweak your results” and limit the list by using the filters on the right side of the screen.

You may choose to show *full text online* only.

Notice also all the different *resource types* you find in Oria.

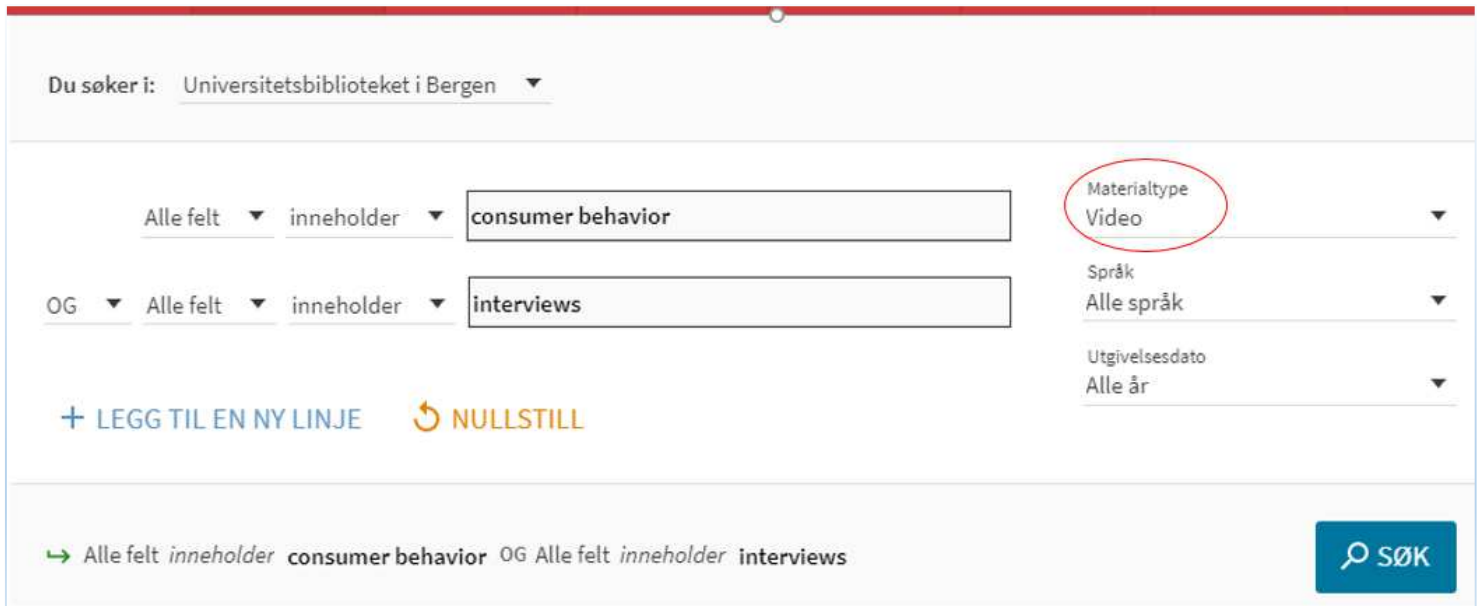

You may select books that belongs to the *Fine Art and Design Library* (see under *Department*)

Your selection of facets will disappear in a new search unless you lock them. Put mouse over active filter, and the lock appears:

The screenshot shows the active filters bar at the bottom of the page. It displays "Active filters" and a filter for "Art and Design Library" which is currently locked. A tooltip below the filter indicates "Make this filter persistent throughout the session .library".

Too many hits in your result list? Try the Advanced search

You can limit your result list by planning ahead. You will find the Advanced search button on the right-hand side of the simple search box. The same criteria as for facets are available in the Advanced search.

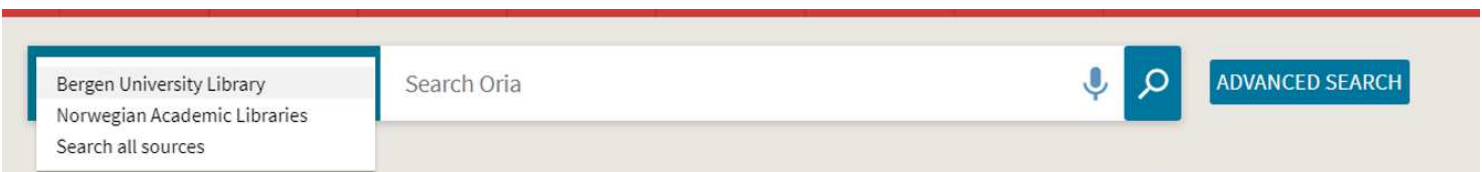

The screenshot shows a search interface with the following elements:

- Search scope: Universitetsbiblioteket i Bergen
- Search criteria: "consumer behavior" and "interviews" (combined with "OG")
- Facets: Materialtype (Video), Språk (Alle språk), and Utgivelsesdato (Alle år)
- Buttons: "+ LEGG TIL EN NY LINJE" and "NULLSTILL"
- Summary: "Alle felt inneholder consumer behavior OG Alle felt inneholder interviews"
- Search button: "SØK"

Use the different search fields in order to limit your query, for example to articles published by a specific author or about a specific topic.

If you want to search for two or several authors (subjects etc), combine the terms with OR in the search field. You can also choose “add a new line” and get more search boxes.

Note that the search boxes will be combined with AND if you don’t change it.

The screenshot shows a search interface with the following elements:

- Search scope dropdown menu: Bergen University Library, Norwegian Academic Libraries, Search all sources
- Search field: Search Oria
- Search button: "SØK"
- Advanced search button: "ADVANCED SEARCH"

Too few results?

Change to “Norwegian Academic Libraries» in the pull down-menu to find more books.

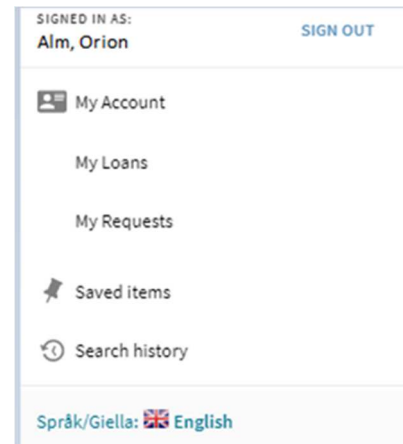

Choose *Search all sources* in the search scope to find more articles.

When you do this, you will find articles that are not available in the University of Bergen Library in a digital version. Look up the title of the journal to see if we have the printed version of the journal.

Sign in

When you sign into your personal Oria-account, you can:

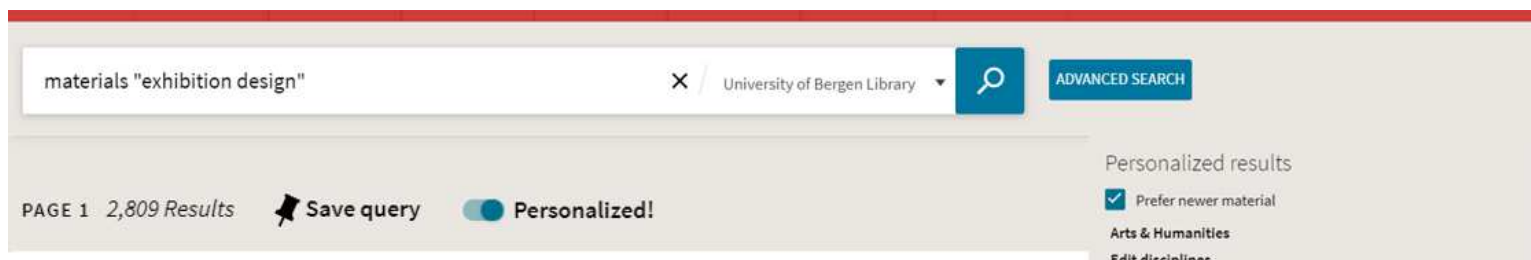

- Check your personal information
- Check and renew your loans
- Check your requests
- See if you have fees, block or messages
- Check your e-shelf for saved items
- Set alerts for your favourite queries
- Check your search history
- Set language preference

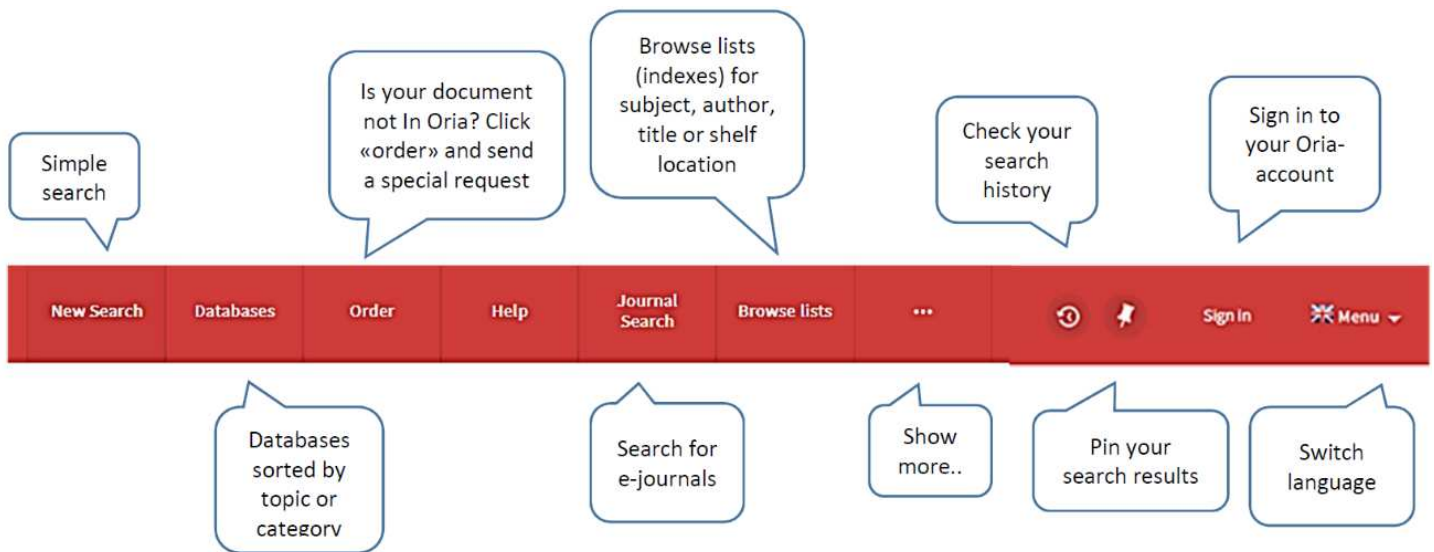

Note:

- Loans are automatically renewed up to four times if there is no waiting list.
- Loans cannot be renewed if there is a waiting list.
- If you want to renew your interlibrary loans, please contact your library.

When you are signed into your personal Oria-account you may personalize your search result display. You will get the same amount of records in the result list, but the records may appear in a more relevant order.

The Oria menu

In short

The screenshot shows search results for 'optic illusion' with the following callouts:

- If you don't find what you are looking for...click Order**: Points to the 'Order' button in the top navigation bar.
- Choose "Norwegian Academic Libraries" to find more books**: Points to the 'University of Bergen Library' dropdown menu.
- Personalize your result list**: Points to the 'Personalized!' toggle.
- Online article. Follow the links. Look for PDF if you want to print it**: Points to the first search result.
- E-book. Follow the link**: Points to the second search result.
- Create a user account on the e-book platform to download the e-book on your devices**: Points to the 'Available online' link for the second result.
- Export your reference in APA, Harvard or another style**: Points to the citation options icon for the second result.
- See if you can send a request after you have signed in to Oria. If not: Go to the library and get the book yourself**: Points to the 'Available online' link for the third result.
- Click on the thumbtack to save this reference for later**: Points to the bookmark icon for the third result.
- Choose one or more facets to limit the result list**: Points to the 'Show only' facet menu on the right.
