

UPED Technology Workshops for Spring 2016

This series of four UPED Technology Workshops will address different ways of using MittUiB/Canvas in your courses. These sessions will be hands on and interactive: therefore, participants are encouraged to bring a laptop computer or tablet.

25. februar, 13-15: What Can Canvas Do for Me?

This workshop will explore a variety of ways that you can use UiB's new online learning platform to improve your teaching and strengthen your connection with your students.

31. mars, 13-15: Delivering Content in Canvas

This workshop will explore different methods and modalities for providing content to your students outside of the classroom, including text, multimedia, files, and external sources.

28. april, 13-15: Assessment in Canvas

This workshop will explore how Outcomes and other tools in Canvas can be used to improve learning outcomes in your course by assuring constructive alignment and increasing opportunities for student feedback.

26. mai, 13-15: Fostering Interaction in Canvas

This workshop will explore how Canvas can enable you to increase your students' interaction with the course content, you the instructor, and each other.
