CV

Born November 1963 in Recklinghausen/Germany
Married, 2 children

Nationality German

Professional experience

Present **Professor II**, Section for Radiology, Institute of Clinical Medicine I at the University of Bergen/Norway since December 2015
Focus on multimodal imaging of endocrine disease, thyroid cancer and other malignancies

Senior consultant physician, Nuclear medicine/PET-centre, Dept. of Radiology, Haukeland University Hospital, Bergen, Norway since May 2010

2005 - **Associate Professor**, Section for Radiology, Institute of Clinical
2015 Medicine I at the University of Bergen/Norway since March 2006

Staff physician, Nuclear Medicine, Dept. of Radiology, Haukeland University Hospital, Bergen/Norway since October 2005

1997 - Department of Nuclear Medicine (Prof. Dr. Dr. O. Schober), Münster
2005 University Hospital, Münster/Germany; Staff physician 2003

1995 - Research fellow, Krannert Institute of Cardiology Indianapolis/IN
1997 (Prof. D. P. Zipes, MD); built and programmed an optical mapping system for isolated heart preparations

1991 - Resident physician (1993 – 1995), Dept. of Internal Medicine C
1995 (Cardiology) (Prof. Dr. G. Breithardt), Münster University;
programmed software for electrophysiological mapping of the heart as MD thesis project (1991 – 1993)

Administrative experience

Present **Leader** of the **Research Group Neck Endocrine Disease** at the University of Bergen since April 2015

Present **Leader** of the **Speciality committee in Nuclear Medicine** (*Spesialitetskomite*) at the Norwegian Physicians' Association (Dnlf) since April 2014

- 1999 - **Study coordinator** and **database developer/administrator** for
2009 the Multicentre Trial Differentiated Thyroid cancer (> 400 patients;
Biermann et al. *Nuklearmedizin* 2009, 48:89-98)
- 1981/82 **Head pupil** (*Schülersprecher*) at the Gymnasium Petrinum in
Recklinghausen/Germany

IT developments

- 2013 **MDCake** client-server database system/application server for
medical research under Linux/Apache/MySQL/PHP (LAMP)
- 2000 **MSDS** study database (client-server system under Oracle 8
ff./Oracle Forms)
- 1995 **Universal mapping** (hardware-independent analysis software for
cardiac electrophysiological mapping under IDL 4 f.
- 1991 **Optimaps** automatic numerical optimization program for cardiac
electrophysiological mapping

Education

- 2003/
2002 **Specialist in medical informatics** (2003) **and nuclear
medicine** (2002) (Medical board exam, Germany)
- 1993 **M. D. thesis** "Reproducibility of cardiac electrophysiological
mapping" (advisor: Prof. Günter Breithardt), Münster University
- 1985 - Medical studies, Münster University, Münster, Germany
1991
- 1983 Certificate of Education Advanced Level (*Abitur*) (1.0, year's best,
Gymnasium Petrinum, Recklinghausen/Germany)

Membership in scientific societies

Society of Nuclear Medicine (USA). American Thyroid Association. European
Thyroid Association. European Association of Nuclear Medicine. Thyroid
section of the German Society of Endocrinology (DGE), Norwegian and
German Societies for Nuclear Medicine, German Society for Medical
Informatics.

Peer reviewer

Thyroid, European Journal of Nuclear Medicine, Acta oncologica, Acta
radiologica, Clinical Physiology – see <https://publons.com/> for updated list.

Publications

All publications including book chapters are registered in the national academic database [Cristin](#), accessible through my [personal internet page](#) at the University of Bergen with live DOI links to the journal websites where available.

Personal

Languages: German (native), English, Norwegian (Bokmål), Latin, ancient Greek

Computer languages: SQL, PHP, HTML, R, python, Pascal, C

Hobbies: IT, DIY, cycling, sea paddling
