

Research Presentations 2013

The event «Research presentations from 2013» arranged by the Bergen postgraduate school of clinical medical research was held in week 4, 20th to 24th of January 2014. In total there were 15 oral presentations and 45 poster presentations varying from clinical to basal research. PhD candidates from the Department of Clinical Medicine, the Department of Clinical Science and Haukeland University Hospital were all represented, resulting in a large and various audience at the presentations.

Six scientists were chosen by an evaluation committee (Marit Grønning, August Bakke, Trygve Hausken) and won prizes for the three best oral and three best poster presentations. This year winners were:

Lene Bjerke Laborie, K1

1. Price oral presentations from 2013

“Selective ultrasound screening for developmental hip dysplasia: Effect on management and late detected cases. A prospective survey during 1991-2006”

Hildur Skuladottir, Institutt for Global Helse og Samfunnsmedisin

2. Price oral presentations from 2013

“First-trimester corticosteroid use and the risk of oral clefts in Norway”

Tereza Osdal, K2

3. Price oral presentations from 2013

“Combination of elacytarabine and daunorubicin is significantly more effective than combination of cytarabine and daunorubicin in primary patient xenografts of AML”

Alessandro De Bortoli, K2

1. Price poster presentations from 2013

“Intravenous Flecainide Reduces the Extension Of Complex Fractionated Electrogram Areas Preserving Their Spatial Localization”

Eirik Søfteland, K1

2. Price poster presentations from 2013

“Visceral, cardiac autonomic and peripheral neuropathies co-exist in diabetes mellitus -a multimodal multitissue study”

Tone Elise Gjøtterud Henriksen, K1

3. Price poster presentations from 2013

“Virtual Darkness As Additive Treatment In Mania - A Randomized Controlled Trial”

On behalf of the Bergen postgraduate school of clinical medical research, we would like to congratulate all the winners and thank all participants, the evaluation committee and the general audience for making the “Research presentations from 2013” such a great event, both scientifically and socially. Following are some selected images from the event, which we hope you will enjoy.
