ICT Research School Annual Meeting
(13 - 14 October 2022)

Thursday, 13th October 2022

08:00   Meet at Bergen Train Station
08:15   Departure from Bergen Train Station
09:21   Arrival at Voss Train Station
09:30   Arrival at Scandic Voss
09:45-10:15   Welcome
10:15-11:00  *Extracting Horn Theories from Neural Networks with Queries and Counterexamples*, Cosimo Damiano Persia (Dept. of Informatics)
11:00-11:20  Coffee break
11:20-12:10  *Introduction to SAT solving*, Tuukka Korhonen (Dept. of Informatics)*
12:15-13:45  Lunch
13:50-14:40  *Introduction to Cognitive Science*, Philip Turk (Dept. of Informatics)*
14:40-15:20  Coffee break and check-in
15:20-16:15  *Recommender Systems*, Mehdi Elahi (Department of Information Science and Media Studies)
16:15-17:15  Group activities
17:15   End of day one
18:30   Aperitif
19:00   Dinner

*lecture on individually selected subject*
Friday, 14th October 2022

08:45-10:25  *FPT algorithms for Juntas*, Wim Van den Broeck (Dept. of Informatics)*

_The Theory of Stable Assignment_, Nidhi Purohit (Dept. of Informatics)*

10:25-11:00  Coffee break and check-out

11:00-11:50  *Causal Inference in AI*, Mariyam Khan (Dept. of Informatics)*

12:00-13:30  Lunch

13:30-14:15  *Evolution of a Visualization*, Thomas B. Trautner (Dept. of Informatics)

14:15-14:45  Closing and Feedback session for PhD talks

15:09  Departure from Voss Train Station

16:29  Arrival at Bergen Train Station

*lecture on individually selected subject*
